

Roberts Creek Childcare Society

Field Trip / Excursion Form

Roberts Creek Childcare Society occasionally offers field trips and excursions to different destinations. We believe that this enhances the learning experience for the children.

Rainbow Preschool

Rainbow Preschool regularly takes children on outside excursions within SD #46 property that we are located on. This includes into the forested area immediately behind our centre and down to the Roberts Creek Elementary School playground.

Treehouse Afterschool Program/ Treehouse Camps

Staff regularly take children on excursions around the Roberts Creek Community. We frequent the library, forested areas, beach and surrounding community weekly. We also occasionally schedule fieldtrips to places such as the ice rink, swimming pool, beach etc. If transportation is necessary, we use public transit. Parents are given at least 24 hours notice of any planned fieldtrips, and Field Trip Form will be required to be filled out by parents with the details of the day.

To allow your child to join us in these excursions, we require a permission slip from the child's parent/guardian on file.

I give permission for my child, _____ (please print), who participates in _____ to accompany the staff of Roberts Creek Childcare Society on any field trip/excursions that may take place.
